### TWO PATROLS TO PUSH INTO NORTH AREAS

Mounted Police Strengthen  
Their Net Across Northern  
Canada.

ONE OUTFIT WILL GO  
UP THE PEACE RIVER

The Other Is Into Unmapped  
Territories Known as the  
Dismal Lakes.

OTTAWA, Dec. 26.—(By Canadian Press)—Two more patrols are straining their nets across northern Canada. Within the next few weeks two patrols will push on across unexplored territory, one with the Peace River outfit, the other along the trade route and the other to ascertain the value of oil in the new permanent posts started by the government.

From the post on the north arm of the Peace River, the patrol will go north through the chain of lakes, then westward, then northward through unmapped territories known as the Dismal Lakes, to the head of the Peace River. They are to connect with another patrol at Coronation Gulf on the Arctic ocean which has just been opened. Inspector H. L. Fraser went from the Peace River post yesterday, part of the way to Great Bear lake, where he picked up a cache of supplies for the patrols. He also took a team of dogs for the trail, which is to be set out shortly.

Patrols are now on the Peace River from Northern Alberta, Finlay River, northern British Columbia, the Peace River, the Athabasca and the Bear river. The relay and the Pansy river join the Peace River at Fort Chipewyan. The relations between the white trappers in the country are making it difficult to get information about oil.

It was from the Peace River country where two patrols were taken out last summer by the Mounted Police that the first oil strike was made. One of their family, an eighteen-year-old boy, was thought to be bewitched and was pulled out on the ice for six days without food or water. The Indians who rescued the boy, he died later as a result of the exposure. Two members of the family are still present awaiting trials.

COUNTESS IS VICTIM  
OF \$50,000 ROBBERY

NEW YORK, Dec. 26.—Countess Daily D. Robb, wife of General John J. Pershing, was demanded the fourth Italian army service to the United States and who represented his command in France, is revealed by the New York office of the FBI as a \$50,000 robbery last Thursday.

General Pershing, who was walking through East Ninety Second street, between Park and Madison, was accosted by a limousine driven up to the curb, and the robbers, who had dressed men got out. One of them held her fast, while the other, holding a pistol, led her into a doorway, leading to the basement entrance of the building. She told him to arise. They asked her if she was alone, and as she assured them she was, they held her fast, then they snatched her hands over her head, and one of the men tugged at the waist band of her skirt, and then a handbag attached to a string in the handing was gone.

One of the men left off with the handbag and the jewels.

# Eskimos Battle Saskatoon Crescents at Arena Tonight

## FAST CONTEST IS PROMISED WHEN TWO FINE TEAMS CLASH

"Iron Duke" of Keats Leads His Legions Back From Campaign in Foreign Parts—Newsy's Classy Collection of Sheila Arrive in City This Morning.

Back from a road trip which included games at Regina and Saskatoon, the Eskimos will make their first appearance before a home-town crowd in over a week at the Arena tonight, when they entertain Newfie Lalonde and his Saskatoon Shiks.

With the mercury trying to drop out of the bottom of the thermometer, Ames Young promises a sheet of ice that will give the boys every opportunity to display their best form.

Lead the great "Iron Duke" of Keats, the Eskimos served up in the city yesterday morning after their brilliant victory over the Shiks in their last game. The game finished just in time for the bus to take the team out of town to the Saskatchewan city and as a result the two boys arrived back bright and early this morning.

The Duke reports the entire outfit is in top shape with the exception of his right back, General Russell Barney Stanley, who is suffering from a sprained ankle here before he left on the road trip. The team had a work-out at the Arena yesterday evening, and while like wild fire. Stanley was the only absent one, and he went to his room to rest up his back.

When asked for an account of his road trip, the Iron Duke said: "I had free time and without reservation about the time I had for an explanation of the tour offered to me at Regina. The Duke said: "It was sure a good time, and there was nothing to make. There was no glancing back with the team, yet no one could get going. I think it was the opinion that if the crowd had behaved the Eskimos would have been able to do more. We just couldn't bring off our game.

Something was tried went well, and again something else went wrong. The Caps were playing the same game of this tour, and we were a losing team too," concluded the Duke.

**Duke Gets a Laugh**

The Duke was asked if he had got many chuckles out of returning the game to the old Hoi Coo. "No one likes a good stiff laugh more than this," said the Duke.
